† **Special information regarding HUD/FHA Loan Requirements:**

United States Department of Housing and Urban Development (HUD) requires all of the above tests on private well water prior to accepting a house for FHA mortgage insurance. The Veteran's Administration has the same requirements. The test results must meet the minimal drinking water quality requirements specified by HUD based on EPA recommendations. Please see <http://www.slh.wisc.edu/ehd/> or your mortgage company for additional information.

Kit ordering Information:

You may order sampling kits by calling (800) 442-4618 (in Dane County call 224-6202) or at our Customer Service desk in the lobby at 2601 Agriculture Drive in Madison, WI. Shipment of the kits to you is free, but you will have to pay for return shipment to our lab. **Do not send payment with your samples.** You will be billed after the tests are completed.

Water Testing Policy and Sample Requirements:

To ensure quality services, carefully **follow all instructions, complete all test request forms** thoroughly and submit water samples **in the bottles provided** by the WSLH. The bottles provided are pre-approved (i.e., quality checked) for the specific tests you requested. Failure to follow instructions or **not use approved sample bottles** may result in rejection of your sample(s).

Directions to WSLH - Environmental Health Division Lab at 2601 Agriculture Drive:

We are located on Madison's southeast side - just northwest of the intersection of Interstate Hwy. 90 and U.S. Hwys. 12 & 18. From Hwys. 12 & 18 (the south "Beltline"), take U.S. Hwy. 51 (Stoughton Road) north about one mile. Turn right (east) onto Pflaum Road. Proceed about one mile on Pflaum Road, and then veer right onto Agriculture Drive. Our building is on the hillside on the left. Customer parking is available near the entrance. Our Customer Service Department is just inside the entrance.
